

# **Dent with Cowgill Parish Council Sub-Committee Recommendation**

**Committee**                      **Policy and Resource Committee**

**Date**                              **14 June 2021**

## **Purpose of the Report**

To recommend to full council that it meets bi-monthly rather than monthly in order that a meeting of each committee can take place in between full council meetings.

## **Recommendation**

To move to bi-monthly meetings of the full council with effect from September 2021. This will be a trial until the end of the current financial year.

## **Context**

The full council currently meets monthly but is not always able to consider matters from each committee. By moving to bi-monthly meetings, each committee will have had the opportunity to meet and will therefore be able to submit recommendations to the full council.

## **Background**

The council has historically always met on the first Monday of each month (except January). Since moving to committees, this has meant that the council is not always able to consider all of the matters each committee has dealt with. This suggestion is to alleviate this problem.

## **Financial Implications**

None

## **Conclusion**

The Policy and Resource Committee recommends that the council trial bi-monthly meetings until the end of the current financial year.

**Policy and Resources Committee**
