

Clerk's Report

02 August 2021

No	ITEM	INFORMATION	ACTION
1	COVID Grants	I am still waiting to hear whether the application for the third wave of Additional Restrictions Grants was successful.	For Info
2	B4RN	Ray Newport and I have now successfully laid the ducting for the B4RN connection in the car park. We are now awaiting fibre and I am chasing B4RN weekly for this.	For Info
3	Bank	An application has been made to NatWest for a new bank account. Unfortunately, applications are taking longer than normal to process. Those nominated as signatories should receive an email from NatWest to complete verification online shortly.	For Info
4	Car Park Improvements	Picnic benches should arrive this week. The new ticket machine is scheduled to arrive anytime between now and mid August. David Baines has been instructed to renew the windows in the toilet block. Proofs will hopefully be available shortly for the new information boards and I am currently liaising with Alan Hulme regarding the resurfacing works.	For Info
5	Phone Box	The phone box at the Reading Room has been listed. This means it is now protected. The Amenities and Environment Committee can now consider what is to be done with it.	For Info
6	Recycling	The excess banks have now been removed from the recycling area and I have removed some of the plastic matting from the area. A recent incident of fly-tipping has now been reported.	For Info
7	Vacancies	The council vacancies have now been readvertised on the noticeboards and I am awaiting confirmation of when the 14 day period will end from SLDC.	For Info
8	Highways	Both Ian and I have emailed Karl Melville to request updates. Karl has suggested that he will send updates and put a date for another meeting in the diary. However, this has not been forthcoming.	For Info
9	EV Chargers	You will probably have noticed that the EV Chargers in the Car Park are now live and are being used.	For Info
10	Car Park Permits	I have had numerous requests from people who are not resident in the dale for car parking permits. These have all been rejected. The majority of these are from new property owners, however, a minority are from people who have family resident in the dale and believe they should be entitled to a permit.	For Info
