3	Bank	All information has now been supplied to Nat West and I am hopeful that the new account will be open within the next few days.	For Info
4	Car Park Improvements	3 new picnic benches have now been installed on the field. The ticket machine is now in the ground and should be live by the time this meeting takes place. New windows have been ordered for the toilet block and should be installed within the next few weeks at which point the toilet block will be painted. I am still awaiting proofs for the new information boards and further information regarding the resurfacing. After meeting with the electrical contractor and groundworks contractor for Flowbird, I have now received a new quote for the installation of EV Chargers. I have now been able, therefore, to submit the grant application to OZEV for 6 new EV Chargers.	For Info
5	Vacancies	SLDC have advised that there is no need to re-advertise these vacancies and so we can co-opt new councillors at any point.	Agenda Item
6	Highways	A meeting with Karl Melville is scheduled for Tuesday 07 September. It will be useful to have at least one councillor present if Ian cannot make it due to work commitments. We need to impress on Karl that we have waited long enough for many of these repairs and that we are not happy with the plans for Barth Bridge.	For Info
7	Footway Lights	I have been communicating with Hannah Kay at YDNPA regarding Footway Lighting and the Dark Skies Project and I think we have settled on a lighting scheme that is appropriate as per the recommendation from the Amenities and Environment Committee.	Agenda Item

11	Parking	I have received a request from a visitor to park a campervan on the car park for one week while they are staying in a holiday cottage. I have charged £60 for this based on the fact that the motorhome is quite large and it was agreed that this size of motorhome should be charged for two spaces.	For Info
